📄 LeetCode

ABOUT

Computer Science undergraduate focused on building efficient, scalable, and reliable software solutions. Driven by curiosity and a strong problem-solving mindset, with an emphasis on continuous learning and clean execution.

EDUCATION

GLA UNIVERSITY

B. Tech (Computer Science and Engineering), CPI - 8.9

MATHURA, INDIA

2023 – Present

DAV FERTILIZER PUBLIC SCHOOL

Intermediate (12th): 89.6% (CBSE)

BABRALA, INDIA

2021 – 2022

High School (10th): 90.8% (CBSE)

2019 – 2020

PROJECTS

Green Grow: Crop Recommendation System

[\[Live\]](#) [\[GitHub\]](#)

Python, Flask, scikit-learn, React, Pickle

- Developed a machine learning-powered Flask application recommending optimal crops from soil nutrients, rainfall, and climatic conditions.
- Trained and deployed a scikit-learn classification model with a modular architecture for reliable backend integration and deployment.

Trade Tracker: Transaction & P&L Tracker

[\[Live\]](#) [\[GitHub\]](#)

Node.js, Express, PostgreSQL, JWT, REST API

- Built a secure REST API for transaction tracking with JWT authentication, user data isolation, and complete CRUD operations.
- Implemented PostgreSQL-based P&L aggregation, asset-wise summaries, monthly reports, filtering, and pagination using parameterized queries.

JavaDSAKit: Java Data Structures Library

[\[GitHub\]](#)

Java, OOP, Data Structures & Algorithms

- Built a modular Java library with from-scratch LinkedList, DLL, BST, and Trie implementations supporting prefix search and autocomplete.
- Designed O(1) LRU and LFU cache eviction using HashMap-backed structures and validated all modules through an end-to-end demo runner.

TECHNICAL SKILLS

Languages	Java, Python, JavaScript, SQL
Backend & Frontend	Node.js, Express, React, HTML, CSS
Databases	PostgreSQL, MySQL, MongoDB
Tools	Git, REST APIs, GitHub, VS Code
Coursework	Data Structures & Algorithms, OOP, Database Management System, Operating Systems, Computer Networks

ACHIEVEMENTS

- Solved **1000+ DSA problems** and competed in **65+ contests** on [LeetCode](#) and [Codeforces](#), achieving ratings of **1750** and **1200+**, respectively.
- Led a **6-member team** in the **Internal Smart India Hackathon**, achieving **Top-15 among 225+ teams** through solution design and effective collaboration.

CERTIFICATIONS

- Completed Cisco Networking Academy's **Networking Basics** certification, covering IP addressing, Ethernet communication, routing fundamentals, and network troubleshooting.
- Completed NPTEL certifications in **Leadership and Team Effectiveness** and **Software Engineering**, ranking in the **top 5%** among all participants.
- Completed HackerRank **SQL (Intermediate)** and **SQL (Advanced)** certifications, validating proficiency in joins, subqueries, and query optimization.
